## A. Policy Statement

### Recreation Facilities, Program and Services

1. The department of Campus Recreation oversees the operations of the Student Recreation Center (SRC) and promotes recreation and wellness through programs and services.

The Mission of Campus Recreation is to enhance the educational experience of the SOU community by promoting wellness, personal development, and leadership through inclusive programs, services, and facilities.

2. Access, Memberships, and Fees:

The ASSOU Student Recreation and Wellness Center Referendum of 2012 set the initial guidance for the access fee and memberships at the SRC. Every year, the Campus Recreation department in collaboration with the Recreation Center Advisory Committee (RCAC) discuss the SRC access and memberships, and make the necessary adjustments. SOU Students, Faculty & Staff, Affiliates, Alumni and Community Members have access to the SRC.

For information about access, memberships and fees, please visit the Campus Recreation website at [recreation.sou.edu](http://recreation.sou.edu) or contact the Student Recreation Center at (541)552-7230.

## B. Other Information

N/A

The Policy Contact, defined above, will write and maintain the procedures related to this policy and these procedures will be made available within the Custodial Office.
